ABOUT ME:

I'm excited to be joining the Workforce Development for Business Growth Workshop as a panelist on November 6, 2025 in Medicine Hat!

With over 15 years of experience in Human Resources and Operations, I've had the privilege of leading large-scale workforce initiatives, including recruiting and onboarding more than 3,200 Temporary Foreign Workers into Canada to meet critical business and industry needs. Over the years, I've developed a strong passion for creating inclusive, people-centered workplaces where diversity, equity, and inclusion (DEI) drive engagement, strengthen retention, and build high-performing, successful teams. My focus is on developing strategies that align workforce planning with organizational goals, streamline recruitment and onboarding, and ensure employees are supported for long-term success.

I'm passionate about creating inclusive, people-centered workplaces where diversity, equity, and inclusion (DEI) drive engagement, strengthen retention, and help build high-performing teams.

I'm looking forward to connecting with fellow business leaders and sharing practical strategies for addressing today's workforce challenges.
